

Urban Building Projects have teamed up with Winwick Athletic FC Under 15s in a brand new sponsorship deal.

The successful club play their home games at Myddleton Lane during a season that runs from September to May, every year.

The new initiative has seen Urban's unique logo form the centre part of the club's traditional red and white strip and hopefully will spur them on to great things during the 2012-13 season.

Commenting on the new sponsorship deal, Urban's Office Manager, Nicky Palmer, said: "We were delighted to join up with the Under 15s side at Winwick FC. They are a great set of lads, their kit looks fantastic and we wish them every success in the Warrington Football League."
